Dear [REDACTED]

I know you won't remember me but I was one of the conferees at the recent National Strategy Seminar in Washington, D. C. After your lecture, I chatted with you for a while and you were kind enough to offer to send me a set of the slides you used in your lecture. I am very anxious to get these as soon as possible and also a copy of your lecture.

Since returning from the seminar, I have held three seminars on communism for reserve units in this area. I found that the slides furnished us by the National War College very effective, but I need a set of the type you used to illustrate subjects which I feel must be discussed if we are to get the full message on communism to the reserve units.

If you have any additional slides or material which can be used on Vu-Graphs, will you send them along?

Thanks very much for the consideration I know you will give this request.

Sincerely yours,

Charles Reilly
